

## PARKER'S STORY

My husband, Luke, and I are beyond excited and honored to share Parker's Kickin' Kawasaki 5k! Our goal is to share and create awareness for Kawasaki Disease (KD).

Luke and I felt so alone when our son, Parker, had Kawasaki Disease. No one knew what it was or how severe KD can be in kids. KD is very rare and often misdiagnosed. Many children have several complications due to incorrect diagnosis. We hope that by creating awareness of KD that children will be diagnosed correctly and treated quickly.

In November 2016, our son, Parker (then 2), was diagnosed on day 5 of symptoms. His doctor recognized it as Kawasaki Disease due to a case during his residency almost 30 years ago. Parker had all six symptoms of Kawasaki Disease within 5 days. Parker was treated quickly and we left the hospital a few days later with small dilation of the coronary artery. We realize that it could have been much worse and we want to help others know the symptoms of KD.

Our goal is to honor those who have dealt with KD, create awareness, fund research for current and future KD patients, and support these families through difficult times. Your sponsorship will help us achieve these goals. Thank you for your support!

## WHY WE SPONSOR

Winston Churchill once said, "We make a living by what we get, but we make a life by what we give." Delta Disaster Services of Northern Colorado helps sponsor the Kickin' Kawasaki 5K because we believe in giving back to the very community which supports our business, the livelihoods of our staff and to help raise awareness for Kawasaki Disease.

*Delta Disaster Services of Northern Colorado*

The number one reason I sponsor is because I firmly believe in supporting the people that support me and my business. You do that and I am grateful!! Second, my nephew was diagnosed with Kawasaki Disease when he was a baby. We know that we were just fortunate that his was diagnosed sooner and is blessed to have had no lingering problems.
