

I am organizing this race to raise awareness of Kawasaki Disease and to recognize the strength of my incredible son. Bray was three months old when he got Kawasaki Disease. Due to misdiagnosis, Bray did not receive IVIG treatment until day 12 of his fever, which unfortunately came outside of the crucial window. He started twice daily Lovenox injections and daily Aspirin due to the aneurysms in his coronary arteries.

Through all of the echos, EKGs, CT scans, daily injections, and blood work, he's been so incredibly brave. He has taught me so much about courage, strength, and perseverance. I had never heard of Kawasaki Disease before his diagnosis, and if more people were aware, then Bray's story may have turned out differently. That is why we continue to share his journey, advocate, and inform people about the disease.

I'm thankful to have this opportunity to raise funds for research and to help families and kids who are going through the same traumatic experience we went through. My son is my hero, and we want to increase awareness while we celebrate all he has overcome!

WHY WE SPONSOR

Winston Churchill once said, "We make a living by what we get, but we make a life by what we give." Delta Disaster Services of Northern Colorado helps sponsor the Kickin' Kawasaki 5K because we believe in giving back to the very community which supports our business, the livelihoods of our staff and to help raise awareness for Kawasaki Disease.

Delta Disaster Services of Northern Colorado

The number one reason I sponsor is because I firmly believe in supporting the people that support me and my business. You do that and I am grateful!! Second, my nephew was diagnosed with Kawasaki Disease when he was a baby. We know that we were just fortunate that his was diagnosed sooner and is blessed to have had no lingering problems.
