

## AURORA'S STORY

Aurora was diagnosed with Kawasaki Disease on April 11, 2012. She had been sick for days with high fevers peaking to 104.6; doctors couldn't figure out what was wrong. Multiple times she was misdiagnosed, first with Roseola, then a viral infection, followed by strep. When her fingers and toes began peeling, I was so terrified I didn't know what to do, so I took her to Phoenix Children's Hospital in Arizona. After multiple tests, we finally got the diagnosis of Kawasaki Disease, a day after going to the ER, shortly after the 10-day mark.

We want to bring awareness of Kawasaki Disease, with the help of this 5K & Fun Run, to help educate parents, physicians, and others about the signs and symptoms, as well as contribute to the research for treatment without life long effects.

Awareness and early diagnosis are essential to saving the hearts of children who are diagnosed with this rare disease. Your sponsorship will help fund awareness and research of Kawasaki Disease.

## WHY WE SPONSOR

Winston Churchill once said, "We make a living by what we get, but we make a life by what we give." Delta Disaster Services of Northern Colorado helps sponsor the Kickin' Kawasaki 5K because we believe in giving back to the very community which supports our business, the livelihoods of our staff and to help raise awareness for Kawasaki Disease.

*Delta Disaster Services of Northern Colorado*

The number one reason I sponsor is because I firmly believe in supporting the people that support me and my business. You do that and I am grateful!! Second, my nephew was diagnosed with Kawasaki Disease when he was a baby. We know that we were just fortunate that his was diagnosed sooner and is blessed to have had no lingering problems.
